KATANA CASE SHI

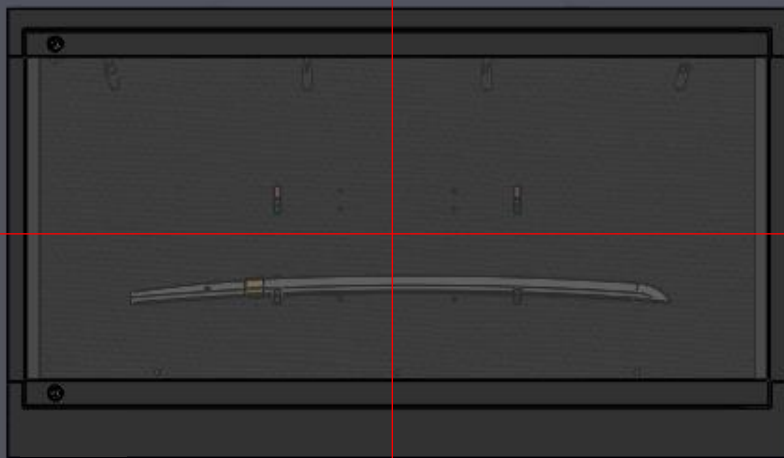

使用壁掛治具: <https://amzn.to/3PSSasL>

刀箱を凹壁に設置する場合

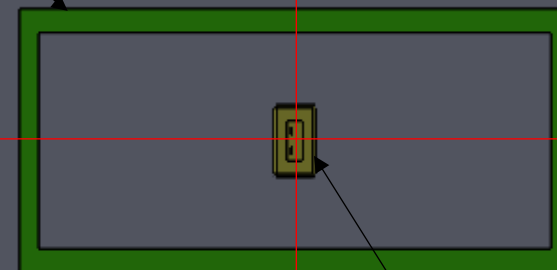

Wall Installation of the KATANABAKO

The display case mounted on the wall.

Wall Mount Bracket (PLB-104LB)
Please use this bracket only.
Ensure the wall is properly
reinforced to support a load of
at least 50 kg (110 lb).

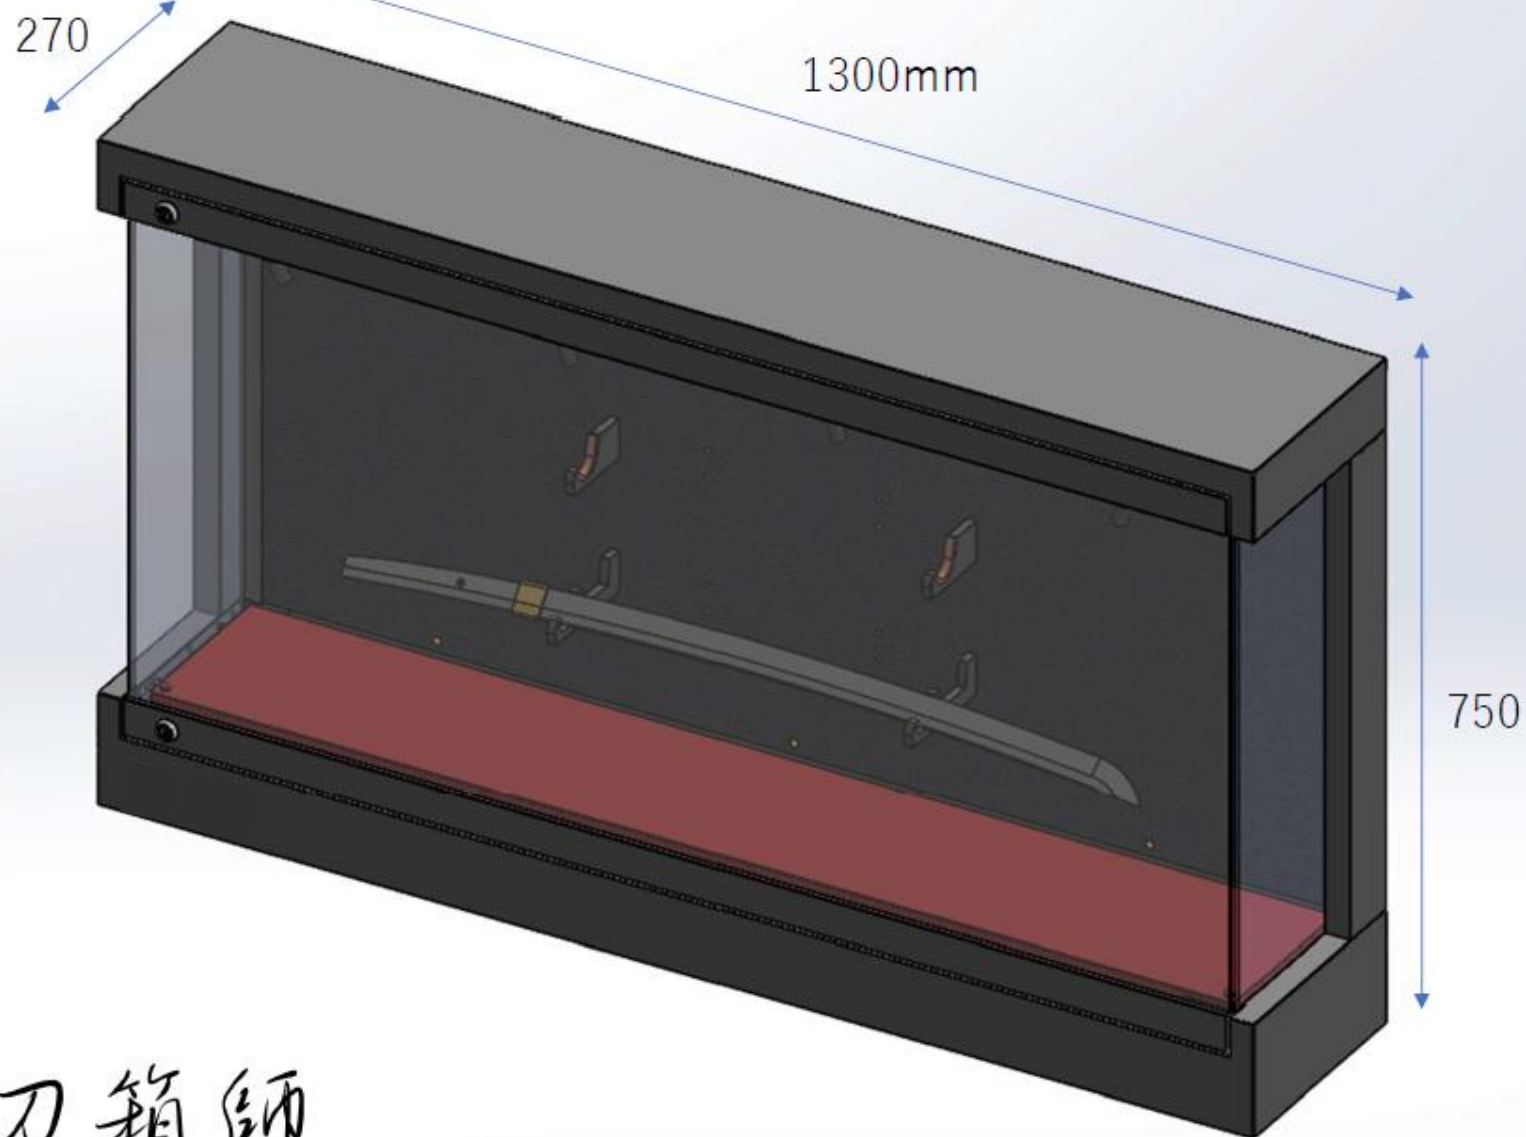

100V Power Outlet Location

Recommended installation height: 1,450 mm (57 in) from the floor.
(This is only a recommendation.)

The display case removed from the wall.

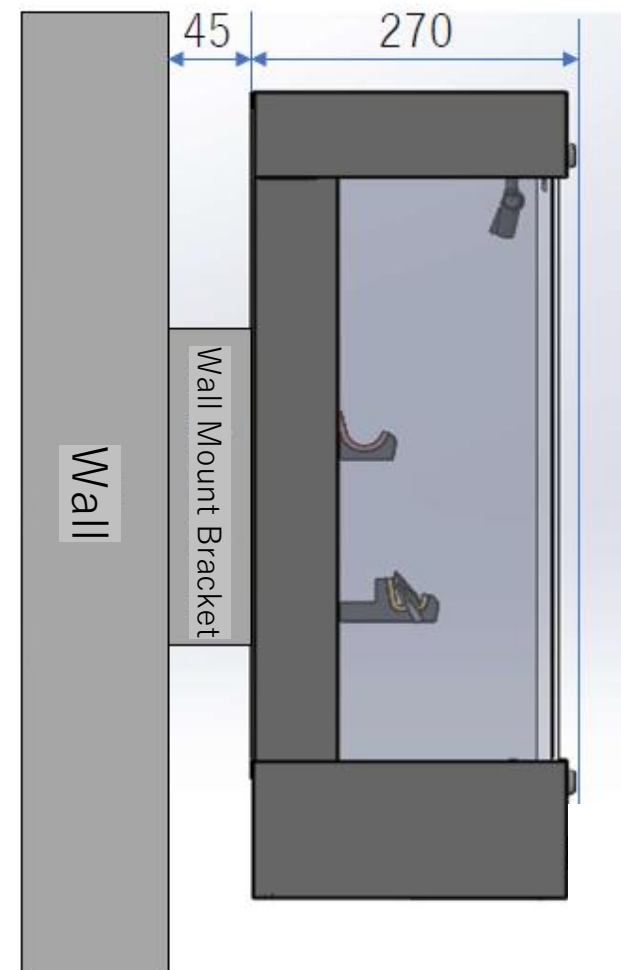

Approx. Weight: 50 kg (110 lb)

使用壁掛治具: <https://amzn.to/3PSSasL>

When installing the KATANABAKO in a recessed wall.

**Maintain at least 15 cm (6 in) of clearance around the display case.
Otherwise, the case may not be able to be installed on the wall mount bracket.**
